

Rbanism

Building digital competence for reproducible, automated and scalable research in the urbanism research community

Scalable GIS workshop

22 May 2023

Claudiu Forgaci
Asst. Prof. of Urban Design & Analytics
Section of Urban Design, Department of Urbanism
Faculty of Architecture and the Built Environment
Delft University of Technology

Rbanism

Challenges

Urbanism
Research

Challenges in the urbanism research community

1. Limited awareness of state-of-the-art digital technologies
2. Scarcity of scientific computing and data science skills
3. Scarcity of computational thinking and software management skills

Approach

Urbanism
Research

1. Improving awareness

2. Stimulating engagement

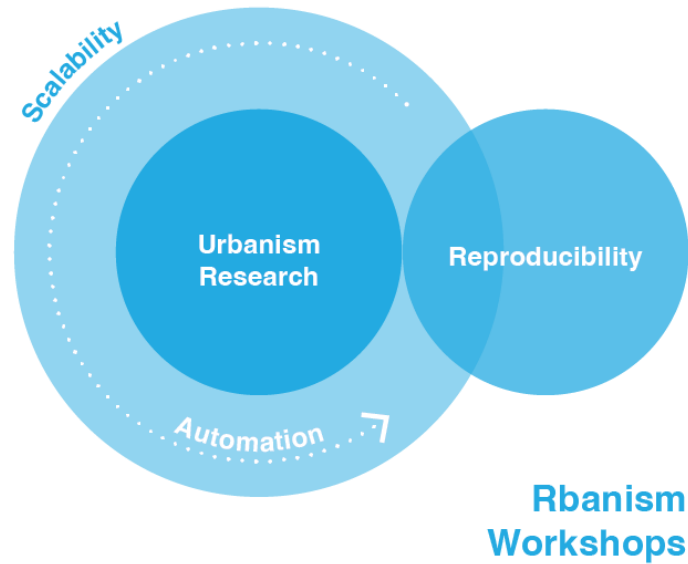

**3. Building
capacity**

Rbanism

Empowering the urbanism research community to use research software effectively and with confidence.

Improving Awareness

Stimulating Engagement

Challenges

Supported by
Netherlands eScience Center
Open Science Community Delft
TU Delft Library & Digital Competence Centre

Scalability

**Scalable GIS
for Urbanists**

**The Scalable
GIS challenge**

1st Prize: €400 + 2 mentoring hours
2nd Prize: €300 + 4 mentoring hours
3rd Prize: €100 + 6 mentoring hours

Upcoming events

- **CHALLENGE: Scale Up!** starting on Mon 22 May 2023!
- **WORKSHOP: Geospatial Data Carpentry with R**, Mon 5 & Tue 6 June 2023, 9:00-17:00, TU Delft Library. Registrations are open for researchers at TU Delft:
<https://www.eventbrite.com/e/596933122037>
- **Rbanism community event**, Thu 8 June 2023, 16:00-19:00, TU Delft Campus, open to all community members who can attend in person and partially in a hybrid format.
